TERMS AND CONDITIONS OF CALIFORNIA NEWSREEL DIGITAL IN-PERPETUITY STREAMING LICENSES

A California Newsreel Digital In-Perpetuity Streaming License grants a purchasing institution (the Licensee) the rights to encode an unlimited number of digital files in any file format from any DVD or VHS cassette purchased from California Newsreel and included in the California Newsreel Digital collection. Licensees may then deliver the contents of these files in-perpetuity via password-protected digital streaming to registered students, accredited researchers, faculty and staff members of that campus only. Files may be used for in-class instruction, inclusion in course management software, library research, extracurricular activities, distance learning programs, public performances (provided admission is not charged) and any other activities directly administered by the licensing campus.

Licensees may not telecast, cablecast or deliver from any website open to the public any content licensed under this agreement, nor may they lend or rent any of the licensed content to any other organization for use in any of its programs. They may not copy any file or migrate a file to any other file format after the termination of this offer on 9/1/2012 without the express permission of California Newsreel, such permission not to be unreasonably withheld.

For additional discounts for 15 or more titles, please inquire at 415-284-7800.

Streaming licenses for our 4-hour series, **Unnatural Causes**, are now available at 33% off list – only \$195; they may not, however, be included in any other discount offers.
